Their Report About Ready.

By Associated Press.
CHICAGO, Sept. 20.—The Utah Elec-
tion Commissioners are at work at the
Leland Hotel to-day on their annual
report to the Secretary of the Interior.
The work of the sub-committee in
drafting their report will probably be
finished this afternoon and submitted
to the full Commission, and will be a
voluminous report.

In a general way the report will
not differ greatly from those previously
made by the committee. It is under-
stood the report will largely set forth
General Robertson's views on religion
and politics.

General Godfrey was interviewed by

a local paper as follows:

"Can you state something of the

present situation in Utah, having been

there lately?"

"I would rather not. Everybody in

the city of Salt Lake are breathlessly

awaiting the outcome of the strife be-
tween the Mormons and Gentiles."

"Will the report of the Commission

tend directly or indirectly towards

regulating the elections in Salt Lake

City so that the Gentiles, hitherto cast

into the shade by their scheming

brethren, the Mormons, may secure a

majority in the Council and thus make

their influence felt?"

"Now you are asking me a question

to which I must not frame an answer.

Congress will, of course, act upon our

reports under the provision of the Ed-

munds law. What that body will do

I cannot say, but it is an almost as-

ured thing that, if the elections are

carried out under the new rules, the

result will be beneficial to the Gen-
tiles."

"It has been said polygamy is dying

out in Utah. Did you give the matter

any special attention, and can you give

the public any information?"

"Well, it may be so, but—well, I do

not think I had better tell any further.

We will end our session to-day, per-

haps, but not a word of our report will

we give out to the public."

A Bread Riot.

By Associated Press.

WEST UNION, Ohio, Sept. 19.—The

biggest premium at the Manchester

Fair last week was \$15 for the best

loaf of salt-rising bread, and it stirred

up a big dispute. Nearly every wo-

man in Adams county and many from

adjoining counties, who were at all

versed in the culinary art, must have

tried for that blue ribbon, as there

were leaves upon leaves piled up.

The directors finally prevailed on

some person to assume the risk of

tying the ribbon. After the premium

was awarded, it was discovered that

one of the judges was related to the

successful exhibitor, and, of course,

this created discontent. New judges

had to be selected, and the ribbon was

re-tied the second time. The unsuccess-

ful exhibitors did not quiet down,

however. They declared that the

judges didn't "know anything about

bread." More than 100 families are

at swords' points, and at least one en-
gagement has been declared off. Scarcely

a day passes without a fight, and the

whole county is worked up over the

affair.

the occupation of Rome by the Italian

troops.

Getting His Revenge.

By Associated Press.

The Indianapolis Journal says:

That is a sweet revenge Senator Rid-

dinger is taking on the Mugwump

party by joining it himself. The rep-

resentative of the country will forgive the Vir-

ginian his erratic past in contemplation

of this neat act.

Proposed Farmer's Trust.

By Associated Press.

The Toronto Globe says: There is

quite a strong feeling among Ameri-

can farmers in favor of the reforma-

tion of a Farmers' Trust. Perhaps

the next best thing to the abolition of

trusts would be for everybody to

get into one and let the grabbing be

done upon something like equal

terms.

AWFUL CATASTROPHE

Many People Crushed to
Death.

Caused by a Terrible Land Slide
in the City of Quebec,
Canada.

Terrible Disaster.

By Associated Press.

QUEBEC, Sept. 20.—Last night sev-

eral thousand tons of rock slid from

Cape Diamond, at the end of Dufferin

Terrace, Champlain street, 300 feet

below, demolishing seven dwellings.

Up to midnight six bodies had been

taken from the ruins. The debris

covers the road in a solid mass some

300 feet in length and from 15 to 25

feet high. It is impossible to say how

many are dead and wounded. Every-

one is working heroically and under

difficulties, as the night is intensely

dark and the electric lights are pro-

strated.

Boston, Sept. 20.—A Journal's

Quebec special at midnight says that

it is known that at least 200 dead

bodies still remain under the pile of

debris.

The names of the dead so far recov-

ered are: Thomas Farrell and two

children, Charles Pois, Mr. and Mrs.

Thomas Allen, James Edwards, Louis

Edwards, Alphonse Trudeau, Henry

Wright, Napoleon Truteau and O. S.

Neville.

The rescuing parties are hard at

work, but meet with accidents, as

huge masses of rock still continue to

fall from the cliffs.

QUEBEC, Sept. 20.—The latest per-

sons rescued are: Mary Caldwell,

Thomas Barrigan, a boy named Berri-

gan and Mrs. Black. All are badly

bruised. Mrs. Black states that her

husband was killed at the door of

their house, and the body is still in

the debris.

QUEBEC, Sept. 20.—This morning

the work of excavating still goes on

at the terrible landslide. Among these

still supposed to be beneath the ruins

are Charles Allen and wife, Mrs. Ste-

vens, Mrs. Henry, Richard Maybury

and wife, Mrs. R. Lawson, C. Kemp

and family, Michael B. Leasy and a

number of others. Loss very great.

Some of the workmen who are de-

prived of their homes lose all their

furniture and other effects; even their

summer earnings. Many are left vir-

tually penniless at the commencement

of a Canadian Winter. The injured

have been nearly all removed to the

Hôtel Dieu. The men of the battery, aided

by a detachment of the cavalry

school, effected quite a number of res-

cues.

QUEBEC, Sept. 20.—The list of killed

so far as known is as follows: Thos.

Farrell and three children, two chil-

dren named Burlae, one child named

Bradley, a child of P. Fitzgerald, Mrs.

Bracken, Mrs. Stephen Burlae, Henry

Black, William Black, Thomas Bolau,

and Mrs. Reedy.

The wounded are: Mr. and Mrs.

Carlson, J. O'Neill, Mrs. Luke Kerwin

and child, Thomas Barrigan, Dennis

Barrigan, James Hayden, Wm. Ste-

Government building has been turned
into a temporary morgue. Over twenty
bodies are lying in it. It is difficult to
identify some, so much have they been
disfigured and crushed. Several per-
sons reported missing have turned up,
but it is thought there will be ten or
more victims added to the list.

A complete list of the injured can-
not be made up yet, as they were re-
moved to different hospitals and
friends' houses. The City Council are
holding a special meeting to consider
what is the best course of action to
complete the work of recovering the
remaining bodies.

It is feared a large part of the slide

adjoining the site of the slide will

come down, as large crevices have ap-

peared and the rain is still falling and

may repeat the operation which caused

last night's disaster. People are

moving out of the threatened houses.

The citizens are sending in money to

relieve the immediate distress among

the homeless women and children.

The site of the land-slide of last

night is almost identical with that of

the one which occurred in 1841, when

eight buildings were crushed and 32

persons were killed.

The mass of earth and rock moved,

roughly speaking, is about 600 feet

frontage by 80 feet in depth. Some of

the masses of fallen rock weigh nearly

20 tons. In addition to the list of the

killed given, the bodies of Richard

Leahy, Mrs. Reedy and Miss Lane

have been recovered.

Blood-Thirsty Legislators.

By Associated Press.

ATLANTA, Georgia, Sept. 20.—The

Georgia legislators were quite belliger-

ent yesterday, and last night three

couple of representatives were nego-

tiating through friends. These nego-

tiations may end in explanations on

the floor or in visits to the surround-

ing States for the purpose of fighting.

The first and second misunderstand-

ings arose during a debate on the pro-

posed industrial school for girls, and

the third, on a proposition that the

Legislature visit the battlefield of

Chickamauga. The three sets of can-

dicates for admission to the dueling

grounds are Representatives Tignor

and Atkinson, Felton and Brooks,

Fouts and Thurman.

Manufacturing a Good Story.

By Associated Press.

CHICAGO, Sept. 20.—The work of

getting a jury in the Cronin case was

resumed this afternoon. The Journal

says the bloody cotton found in the

basement of the Carlson cottage, and

which will be used as evidence in the

trial, was put there by two reporters

before the cottage was opened for the

purpose of furnishing material for a

good story for their paper. The cot-

ton was saturated with beef's blood.

5 O'CLOCK EDITION.

THE Pioche Record pointedly says: "As a result of the growth of disgruntled politicians, through Democratic newspapers which are published in this State, the Eastern press is again taking up the old lie about Nevada's incapacity for the support of a State government. With 4 per cent. State bonds at par, a million dollar school fund, a gradually increasing tax roll, and an expense of government proportionately less than many other States, notwithstanding our small numbers, Nevada can afford to let the pack howl for a while.

STOREY COUNTY is following the practice of former years in order to defraud the State out of her just proportion of taxes by cutting down the valuation of property and adding to the county rate enough to make up the difference. Slick workers, those Storey county Commissioners.

THE Appeal is a daisy, and it may blossom some day, but it is not likely to under its present management.

A Good Education Assured by His Father.

"Dat's what I does, sah. I knows what it is to struggle erlong, widout l'arnin', an' I is 'termed dat my son shan't travel b'arfoot ober de same flint-rock road dat I did."

"A noble resolution, Stephen. There is something beautiful in the uncalculated mind that has a reverence for knowledge. Is your boy learning rapidly?"

"Ez fast ez er hoss ken trot, sah. Wy, last week he writ er letter to his aunt dat libes mo' den twenty miles from yere, an' atter while he gwine write her his udder aunt dat libes fifty miles erway."

"Why doesn't he write to her now?"

HUMBOLDT NEWS.

Hot Weather—Died of His Injuries—Weather Sharp.

The Silver State says: The weather yesterday afternoon was hot enough for July. The mercury went up about the nineties in the shade.

William Green, the brakeman who fell off a freight train near Shoshone last Tuesday, died at Carlin Wednesday from the injuries which he sustained. He was about 25 years of age and unmarried and a new hand on the road.

A. D. McCulloch, who is one of the first white men that came to this county, says he has studied weather signs more or less for twenty-eight years in Nevada, and the indications for another dry season are the same as a year ago. He predicts that so long as the prevailing winds are from the northeast there will be no rain worth mentioning.

A Strike Settled.

The strike on the Atlantic and Pacific has been settled by the joint committee at Winslow telegraphing the delegation at Albuquerque that the proposition of General Manager Robinson to reinstate the discharged conductors, but to take off the third brakeman on freight trains on the mountain division, has been unanimously accepted.

General Sherman Slandered.

The Philadelphia Press says: General Sherman asserts that newspapers never tell the truth. This reminds us to say that the General is the best-natured, most amiable, most modest man on earth. Now, what does the grossness of old waggon say to that?

A Special Privilege

Emily Paxton of Pike county, Mo., has permission from the Government of that State to wear a man's dress anywhere in Missouri outside of cities of 10,000 inhabitants. She works on a farm, and her favorite occupation is breaking horses to harness.

There are no Happy Days

For those who continue to rise unrefreshed after nights of unrest. Nervousness, insomnia, indigestion—these constitute a triple alliance that perpetually wars against man's comfort, and robs both brain and body of tranquillity. Combat the trio for a time with Hostetter's Stomach Bitters, and it will give ground and eventually fly the field. The basis of reform is the rectification of digestion, for the brain and nerve trouble is simply a reflex of the disturbance of that all important function. A wine-glass full before each meal of the national stomachic insures facile digestion, and the reputation of the pleasant and invigorating sleep. Associated with indigestion we usually find biliousness and constipation. But together or independent of each other, these maladies are subjected by the Bitters, which also remedies kidney trouble, rheumatism, neuralgia and malaria.

NEWS NOTES.

There are no less than 23,729 known thieves over sixteen years of age in England.

The British Women's Temperance Association has now 400 branches and 25,000 members.

The German press looks upon the possible visit of the Czar with to Paris with great disfavor.

Out of twenty-eight murders committed in London last year, in only six instances were the perpetrators brought to justice.

The Emperor of Japan has just taken possession of a new palace, furnished in European style. It cost him \$4,000,000.

The French Government, on taking possession of the telephones in France, proposes furnishing the service to the public at cost.

Accidents to the machinery of the English squadrons are claimed to be due to faulty handling and not to faulty construction.

High license in Massachusetts for the first year of the operation has reduced the saloons generally over 50 per cent. and increased the revenue from them nearly 50 per cent., while good order and lessened criminality form a striking feature.

USE OF THE GROWL.

"What are you growling at, sir?"
"At the amount you are eating, sir. Have you no regard for the feelings of a dyspeptic, sir?"

"No sir! Go and take a course of Joy's Vegetable Sarsaparilla and you won't have the dyspepsia, sir!"

John Argall, of 628 Golden Gate avenue, writes: "You may also use my name as an additional authority that 'The California Remedy,' Joy's Vegetable Sarsaparilla, will cure dyspepsia and liver and kidney complaint. It has done it for me."

James Wells, Oakland, Cal., writes: "I suffered acutely from dyspepsia for years, scarcely taking a meal without the distressing pains of indigestion. Joy's Vegetable Sarsaparilla relieved me of it entirely."

OPERA HOUSE DRY GOODS STORE.

THE

OPERA HOUSE

DRY GOODS STORE.

THIS store is now being generally known all over the State of Nevada as the popular ONE PRICE dry goods house, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and the Re-Adjuster of Values

—IN—

Staple and Fancy Dry Goods

Gents' Furnishings, Household Furnishings,

Ready Made Clothing And Boots and Shoes.

Please note the various reasons by which I claim I have advantages over all competing houses.

1st. I buy for cash and cash only.

2d. I visit the markets in person frequently and buy my own goods myself for the lowest possible spot cash price.

3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view to give everybody good value for their money, success is already achieved, as I challenge any one to dispute that I make the lowest prices.

4th. My store is the largest and best lighted of any in the city—the three large plate glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well regulated store.

5th. I engage the best and most experienced and skilled salesmen that can be found in this country. W. E. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I do just as I advertise; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that; nevertheless, many of our merchants of to-day advertise under the head of selling goods at cost.

7th. All goods are marked in plain figures and no goods are misrepresented.

Having now given seven reasons why I can lead all competing houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including Fine French Cashmeres, French Camel's Hair, Beatrice Cloths, French Foulle, Tricot Cloths, Tricotine Cloths, Albatros, Nuns' Veiling, French De-beiges, Fancy Striped Alpaca, in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmere, French Camel's Hair, French Soliel, Albatros, Nuns' Veiling, Sicilian Cloths, and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Are replete with all the shades that can possibly be obtained this side of the Rocky Mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this Coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently added the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark, that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell good suits for men from \$5.00 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the best selected and largest stock of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the people of Reno and the public in general for their kind patronage for the past year, and soliciting a continuance of the same, I remain, respectfully,

A Valuable Invention.
It is said that the Secretary of War at Washington recently became so greatly impressed with the value of an original invention (an instrument known as the "hitch lock"), that at his special request it was hurried through the patent office. Its importance lies in the use to which the Government can apply it. Attached to a telegraph line, any electric message can be sent over the wire to its destination without being heard at intervening stations, and Government secrets cannot be interpreted.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the Liver, Kidneys or Blood. Only a half a dollar a bottle, at S. J. Hodgkinson's drugstore.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she slept all night and with one bottle was miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby N. C. — Get a free trial bottle at S. J. Hodgkinson's Drug Store.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co. — druggists.

Parents should be careful that their children do not contract colds during the fall and early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that causes catarrh and bronchitis or paves the way for consumption. Should a cold be contracted lose no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Shoemaker.

Oregon is one of the most productive States in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. In immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance. The yield per acre being in some instances, the largest in the world. Among the useful and valuable products of the Willamette State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by William Fininger.

This is the season of the year when the raw cold winds create sad havoc with the hands and complexion. Soft, white hands and a clear "peachy" complexion can be assuredly preserved by the frequent application of Dettol's Specific. If rubbed into the skin it leaves no greasy surface. The skin absorbs it. Sold by William Fininger.

It should be generally known that Dr. Henley's Dandelion Tonic assures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and weakness, and will infuse new life and strength into the weakest invalid, sold by William Fininger.

A LITTLE SARCASTIC.

A Disgraced Passenger Gives Vent to His Indignation in a Novel Way.

A passenger and patron of the Southern Pacific Company was heard to remark last night that he was astonished at the fine accommodations furnished by that company in a town the size of Reno. "Wh," said he, "the waiting room is perfectly elegant, and the ticket office is a thing that any rich corporation might well feel proud of. The only fault I have to find is that they should have six electric lights instead of four, so that passengers would not skin their shins in skirting the ground among the trunks and boxes to get across the platform; but it is truly grand now, and the traveling public appreciate the efforts of that company in providing the accommodations they have, and it will be appreciated still more when winter comes." But he spoiled it all when he wound up by asking what the Railroad Company was doing with that dry goods box on the platform.

MILITARY DISCIPLINE.

One of the Cadets of the University is to be Court-Martialed.

Fred Bristol is to be Court-martialed by the officers in command of the University Cadets. It seems at the beginning of the term the old officers were reduced to the ranks in order to give everybody a chance to wear gold lace and epaulettes. This displeased young Bristol, who had held a higher position in the little army than that of Sergeant, a position which he was chosen to fill this term. Mr. Bristol, the boy's father, sent a communication to the authorities requesting that his son be relieved from military duty. But as this was impossible, the request was not complied with. Later on the boy deserted, and in compliance with army rules and regulations, must be tried, and if convicted, he will probably be shot or sent to some far-off island in the Pacific Ocean to eke out a miserable existence the remainder of his days.

A LIVELY TOWN.

Reno Supports Five Windhorse Games and Five Faro Games and Still is Not Broke.

A GAZETTE reporter took a "trip about town" last night and found it unusually active in gambling circles. He found a studhorse and faro game running at the Palace, the same at the Wine House and Coakes corner, the same at George Humphreys' Monarch, and studhorse, faro and keno running at Chase & Church's, and all well patronized. Take what money that is won and lost on the green cloth every night and what naturally goes with it in the shape of drinks, cigars and the like it would amount to a nice little sum.

INCREASED TAX ROLL.

Lincoln County Goes Up Instead of Down.

The assessment roll for the present year, now on file with the County Clerk of Lincoln county, shows an increase in value of \$58,721 over that for last year. Of this increase the town of Pioche carries \$13,350 and the general county \$45,371. In the latter the increase is due principally to land entered at the State Land Office during the past year. The total assessed value of town and county this year is \$417,302 75.

A Liberal Proposition.

The Directors of the Ormsby Agricultural Association on yesterday made the following proposition to the owners of five Washoe county horses, which are thought to be about as evenly matched as are to be found anywhere: A prize of \$400 is hung up by the Association to be trotted for, the fastest horse to take the money. The following are the horses, all of which are said to have made a mile close to three minutes: R. C. Leeper's Clipper Jim, B. F. Bobo's bay mare, Haas Johnson's sorrel stallion, Van Wagner's Dexter and A. C. Hill's Henry Ward Beecher. An exciting race is anticipated.

Wounded by Coyotes.

A Carson river rancher in a recent round-up of his live stock ranging on the plain east of the mouth of Sixmile canyon, found three two-year-old colts that had been severely lacerated on their necks and shoulders, evidently resulting from the attacks of a band of hungry coyotes. The older horses in the band had no marks upon them, due doubtless to their being more expert with their heels in repelling the attacks of the ferocious animals, rendered so by the scarcity of jackrabbits and other carnivorous food upon which coyotes usually prey.

The Seagle Case.

Attorney-General Johnson, of California, has perfected the papers on appeal to the Supreme Court of the United States in the case of Deputy Marshal Seagle. His bondsmen on appeal are State Treasurer Herold and State Controller Dunn.

Card of Thanks.

The Reno Library Association wishes to thank W. W. Rogers and J. P. Richardson for many valuable works contributed by them to the Association. B. E. HUNTER, Librarian.

A Victory for the Sheepmen.

A letter from P. J. Flannigan to the GAZETTE states that the ordinance for the collection of the 7 1/2 cent license tax on sheep has been declared invalid by the Superior Court of Modoc county, Cal., Judge Harris presiding.

Another Lunatic.

Last evening Special Deputy Sheriff C. F. Howard of Tuscarora, Elko county, arrived with a crazy sheepherder by the name of J. W. Connot, from off the Owyhee, whom he delivered at the Insane Asylum.

Forest Fires.

The farmers of Long Valley are putting in the time while they are resting fighting forest fires. The hills back of Jacob McKissick's and Frank Rowland's are burning vigorously.

BREVITIES.

Local and General Intelligence.

Sausalito, Cal., is cleaning out the tramps.

A light rain fell at Sacramento Wednesday.

See first page for local and telegraphic news.

There was considerable rainfall at Tucson Wednesday.

Travel from San Jose, Cal., to Mount Hamilton is heavy.

W. U. Scott will ship 1,000 mutton lambs to San Francisco to-night.

The train from the west was two hours and a half late this morning.

Go to Lange & Schmitt for ranges, parlor and cook stoves; best assortment in the State.

A private dispatch from Wells this morning reported a heavy rainfall. It was also raining at Elko.

Pothoff is putting the finishing touches on his fine livery stable and will soon have it completed.

James Monahan, a young man of Virginia City, was received as a patient at the Asylum yesterday.

Dave Jones, a Crown Point miner, was badly wounded last evening by the accidental explosion of a giant cape.

Allen and Blatt, the overland equestrians who passed here last week, reached Sacramento on Wednesday.

The New Mexico Constitutional Convention has adopted an article providing for free, non-sectarian schools.

D. M. Frazer, an attorney at Murietta, San Diego county, Cal., is charged with having forged the names of bondsmen on an appeal suit.

Sierra Valley is said to contain an unusual number of mountain quail, which have been driven from the mountains by the forest fires.

Forest fires are raging close to Portland, Ore. The city is filled with smoke and cinders, and it is impossible to see 100 feet. Much damage is reported.

Excellent, reliable and economical are the stoves and ranges sold by Lange & Schmitt; every house and store should have them. Call and inspect before purchasing.

The Pamlico mining suit on trial at Hawthorne will prove very expensive for the losing side, as the town is filled with witnesses, twelve of whom are called experts.

PERSONAL.

Dr. Harmony of Wadsworth was in Reno last evening.

Lyman Bridges, the civil engineer, returned from Carson last evening.

J. R. Bradley and C. H. E. Hardin left last evening for the Sacramento Fair.

J. W. Humphrey, the Sierra Valley cattle raiser and buyer, was in town last evening.

P. J. Dunne, United States Internal Revenue Collector, was interviewing Renoiters to-day.

Judge Sewell, Theodore Winters and Alvaro Evans returned this morning from California.

Major Ducat is said to be quite sick with inflammation of the bowels. He has not been on duty at the University for several days.

Mrs. J. W. Killeen of the new Phoenix Hotel returned this morning from San Francisco, where she went to purchase a new outfit of furniture.

Mrs. J. T. Reed, widow of the late section foreman of the V. & T. R. R., accompanied by her four daughters, left this morning for her former home in Maine.

Pat Lannan of the Salt Lake Tribune passed west last evening, and it is understood that he is to take charge of some department of the Palace Hotel at San Francisco.

Pretty Big Discovery.

Colonel S. H. Lucas, an experienced miner, has returned to Los Angeles from Almo, Lower California. He has mined all over the West, but believes the Almo district the richest mining district in America. In one of the mines he says he struck a ledge that will run \$10,000 to the ton. Some of the copper is so near pure gold that there is hardly rock enough to hold it together.

To the Ladies.

The ladies of Reno should take pride enough in the State Fair to see that the Pavilion is not short of fancy work, works of art and crazy quilts. Without the assistance of the ladies it is impossible to make the Pavilion a success, and a committee should be appointed at once to see that a proper display is made.

A Hint to Hotels.

In view of the fact that the town will be full of strangers Fair week, and with scant hotel accommodations, it would be well for persons having rooms to rent to inform the hotels of the fact, so, in case they cannot accommodate the public, that they will know where to direct strangers to get rooms.

Dead Body Found.

The dead body of Augusta Rosenbaum, who has been missing from his home near St. Helena, Cal., since last Sunday, was found near Henry Rahn's place. He had acted strangely, and was apparently out of his mind when he left his home. He was the son of F. H. Rosenbaum, a San Francisco merchant.

Left to Die Alone.

M. N. Habit, in a published statement at San Diego, confirms the story that young Singleton, a popular and talented young lawyer of Los Angeles, was heartlessly abandoned to die a terrible death in the desert in Lower California by his two companions.

More Doctors More Diseases.

Old Mrs. Bentley—What a lot of new diseases they have now they didn't have twenty years ago. Old Mr. Bentley—Yes; but you should remember, Eliza, we have a terrible sight more doctors than we had twenty years ago.

The Woolly Side Gets the Worst of It.

The Chicago Journal says a race war at the South is like a race war between a pack of wolves and a flock of sheep. The woolly side gets the worst of it.

I've decided I shall marry. Only I'm so hard to please; I want two maidens fair, tall, and winsome, one blonde, one brunette, both as pretty as pictures, but by fashion disenthralled; in their intimacies, I want them to be as true as steel, and when I'm away, I want them to be as good as I.

A Change for the Better.

Change is one of the irrepressible and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick's pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and preventing ague and other malarious diseases. An cathartic and liver pill they are always perfect. For sale by Ostrum & Shoemaker.

It is truly a wonderful medicine." For sale by Ostrum & Shoemaker.
